

Hi there!

It's that time again! Summer is nearly here and the flies will be winging their way to your home!

Unless you have had a **DE BUG PEST CONTROL TREATMENT**.

Please find enclosed our annual complimentary calendar card which details all School and Public Holidays and the day when we will be in your area.

To ensure you get the most suitable booking day please phone as soon as possible to make your appointment because we get very busy over this period.

Some hints to help with your preparations for the treatment:

Kitchen

- Cover all food preparation areas - fruit, foods, plates, cutlery and glasses.

Bedrooms/Bathrooms

- Cover pillows on beds
- Kids toys
- Tooth and hair brushes
- Toilet paper & towels

Pets

- Cats, dogs & birds need to be outside
- Pet doors locked, bowls covered
- All fish & reptile tanks covered
- Pumps turned off until house ventilated

Ensure everyone is ready to go when our tech arrives

- After we have finished the treatment please **DO NOT ENTER** the premises for 3 hours.
- Upon entering, open all windows and doors and ventilate the house well, wipe the kitchen benches and bathroom vanity tops down.

Please note:

- Any newly painted surfaces cannot be treated for 4 weeks after painting, so bear this in mind when making your bookings.
- Remember do your spring cleaning first as window sills need to be dry dusted only after the treatment.
- If you wash the outside of the house do this before we do your external spider treatment.
- All our techs are fully trained and certified and are police checked.

Finally thank you very much for your loyalty to De-Bug, we are a family owned business that appreciates your support.

Kindest regards,

The De-Bug Team
